Compliance Status

This statement was last updated on 20.01.2026.

The website has undergone a preliminary technical analysis using automated tools and internal manual testing, and is currently partially compliant with the accessibility requirements set out in WCAG 2.1, level AA.

The website owner has launched a structured accessibility review and remediation process, with the support of specialized partners, specifically Instilla S.r.l. and Time2marketing S.r.l. The action plan includes a complete redesign of the website, in which the issues identified during the audit will be corrected and the systematic adoption of WCAG 2.1 level AA criteria will be ensured.

As required by law, the website owner, together with the aforementioned partners, has activated a continuous accessibility monitoring system, which includes periodic external audits and technical checks at every major release. This process reflects the company's commitment to ensuring the progressive improvement of its digital offering, in line with the principles of inclusivity and non-discrimination.
